

**Amicus Spend Management** is a full-service compliance and mid- to long-tail spend solution for indirect goods—from MRO to IT and all points in between—that allows customers to consolidate purchase transactions while driving compliance and efficiencies.

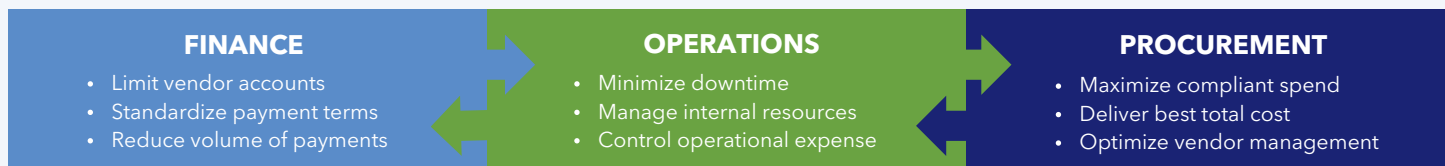

Initially developed to help members source and purchase products not stocked via preferred suppliers, Amicus now combines technology, curated catalogs, and buyer resources to drive savings on all tail spend.

**EPIC<sup>®</sup>**, the e-Procurement platform from Amicus, is the foundation to your mid-to-long tail transformation:

- Web-based, Source to Pay e-procurement solution
- Master catalog contains more than 2.5 million items
- Access to 6,000+ suppliers
- Directed Buys on non-contracted suppliers
- Dedicated Buyers for order placement & sourcing
- Built-in workflow approval processes
- Interfaces with customer ERP systems in standard formats
- RFQs and Spot Buys
- Invoice consolidation and summary billing
- Robust Spend Analytics and Supplier KPIs in PowerBI

Amicus provides critical support to Operations, while maximizing compliance to corporate initiatives:
